## Every child deserves a BERG

The story of BERG begins in a small village in the middle of the Netherlands. After much sawing, welding and painting in a farm shed, the first go-kart was produced. In the meantime, this hobby has grown to become an international company by the name of BERG. For over 30 years, our BERG products have found their way to more than 65 countries around the world.

I had a lot of fun making my first go-kart all those years ago. Today I still enjoy developing and selling our beautiful products together with our BERG employees. Our BERG products also include great customer service, which we provide by working together with our enthusiastic dealers and importers. They can tell you all about our BERG products and enable you to try out a go-kart or a trampoline.

Our go-karts and trampolines come in various colours and sizes. In other words, there is always a BERG to suit you. Have lots of fun with your own BERG!

Henk van den BERG  
Director

### INSPIRING ACTIVE PLAY

#### Playing outside safely

BERG Products are robust and quality guaranteed. Our products are tested for safety rigorously so that children can play outside safely.

#### Durable products

BERG makes durable, timeless products that need very little maintenance. A BERG product lasts for generations!

#### An eye for design

BERG Products are functional, nicely designed, and perfectly finished down to the smallest detail. Once a BERG, always a BERG.

#### BERG's ingredients

Craftsmanship, design and innovation are the ingredients with which BERG distinguishes itself in the market. BERG's Research & Development department focuses continuously on improving and developing go-karts and trampolines.

Available in the 3rd quarter of 2018

### Ergonomic Design

Due to the ergonomic design it remains simple to scoot or pedal with unfolded pedals, conveniently bridging the two phases.

### Grows with the child

Your child sits safely on the BERG GO<sup>2</sup> without having to adjust the saddle or the steering wheel.

### Great stability

Firmly and safely grounded due to the four wheels.

## BERG Buzzy

The BERG Buzzy is perfect for children aged 2 to 5!  
Learning to pedal has never been so easy.

## BERG Off-road

*What's nicer than go-karting in the woods, across fields or in the dunes? On a BERG Off-road go-kart you can do this easily!*

### Jeep® Revolution pedal go-kart BFR

Also available as BFR-3

Extra braking power due to the handbrake

The swing axle keeps the BERG go-kart firmly on the ground

The BFR system allows you to brake using the pedals, but also reverse immediately after coming to a standstill

Jeep, the Jeep grille and related logos, vehicle model names and trade dress are trademarks of FCA US LLC and used under license by BERG Toys. ©2018 FCA US LLC.

# BERG Trampolines

*Safe, strong and unlimited jumping pleasure!*

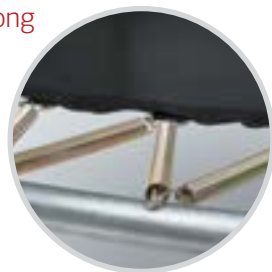

## Extensively tested

Independent test institutions such as TÜV, Intertek and AiB Vinçotte test our materials. We also test the trampolines in our own lab. That is how we continuously improve the safety and quality of our products, so they really are the safest choice!

## The jumping mat is extremely strong

Your child can never fall through the trampoline because the jumping mat is attached to the frame with robust spring eyelets and BERG Springs. The jumping mat material is of optimal quality

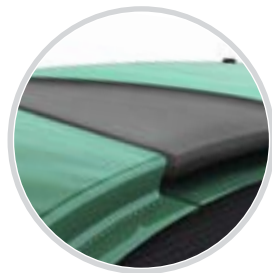

## Materials tested

The material of the jumping mat and protective edge are subject to testing in all weather conditions. BERG strives to manufacture a quality trampoline that will last for many years.

## Strong protective edge

The BERG Protective edge is made of a UV and wear-resistant outer fabric and is fitted directly onto the jumping mat. This makes it even safer should you happen to lose your balance and fall down on the trampoline.

## Meet our test team!

We test our products extensively during the development phase. How do we do that? Visit [www.bergtoys.com](http://www.bergtoys.com) for more information

## The frame is as solid as a rock

Jump to your heart's content in every direction! The strong frame of the BERG trampolines can withstand pretty much anything. Extra thick, durable, robust with extra reinforcement at welded joints. The trampoline frame has a thick rust-resistant zinc layer, inside and out

## The finest springs

BERG is always committed to the very best jumping comfort! The unique TwinSpring Gold springs are therefore not only super flexible and extra long: they are also finished with a rust-resistant zinc coating

## Make your trampoline experience complete

A ladder, cover, or anchor set for extra stability and safety. Choose the accessories that are compatible with your trampoline.

## You will then have a trampoline that suits you best.

At our head office in Ede (NL) we are constantly thinking of new products that would suit the needs of you and your children. That's how we came to invent the TwinSpring Gold springs for the ideal balance between suppleness and strength.

## Extended warranty

Our standard warranty will enable you to enjoy years of fun with your BERG product, but did you know that you can have an additional frame warranty free of charge? For more information, please visit [www.bergtoys.com/registration](http://www.bergtoys.com/registration)

# BERG Trampoline summary

## A great solution for every garden

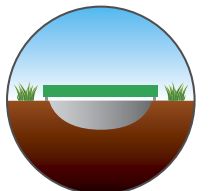

### BERG FlatGround Trampoline

Would you like a trampoline that is in harmony with your garden? Then choose the BERG FlatGround. This trampoline can be dug so deep into the ground that it is completely concealed in your garden and becomes an extension of your lawn. Your children no longer need to climb up onto the trampoline and they will not trip up over the outer edge. So start jumping!

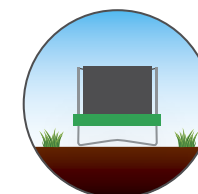

### BERG InGround Trampoline

Would you like more choice in terms of size and shape but still have your trampoline concealed in the garden? In that case a BERG InGround Trampoline is the one for you. It will give you the pleasure of a trampoline without obstructing your view. BERG InGround Trampolines are available in various shapes and sizes. They are also available with or without a Safety Net. And you have a choice of protective edges in various colours!

### BERG Trampoline

Would you rather not dig a hole in your garden for a trampoline? Then you can still choose a BERG Trampoline. BERG Trampolines are available with legs in various shapes and sizes. These trampolines are also available with differently coloured protective edges. You can place them anywhere in your garden without having to dig a hole.

\*Extra frame warranty on registration at [bergtoys.com/registration](http://bergtoys.com/registration). \*\* InGround trampolines have a zinc coating and no black finish

# BERG Talent ●

A genuine BERG trampoline for the smaller garden

Protective edge  
UV-resistant: **UV 3**

Jumping comfort: ★★★★★  
Quality: ★★★★★

## BERG Talent + Safety Net Comfort

Trampolines are only for people with large gardens? Of course not! The BERG Talent is compact and will fit perfectly in your garden. Allow your children their jumping pleasure.

The rustproof frame ensures years of outdoor fun.

Steel is stronger than plastic, which is why we use steel clamps that ensure a firm connection between the net and the trampoline.

You have all the room to jump, because the Safety Net Comfort is attached to the outside of the frame.

## BERG InGround Talent + Safety Net Comfort

All the room you need to make the craziest jumps on the BERG Talent.

Thanks to the GoldSpring Talent springs, the Talent offers tremendous jumping pleasure for this size of trampoline.

Extra safe self-closing entrance.

The protective edge is entirely made from weatherproof PVC (0.35 mm thick).

# BERG Favorit ●

The trampoline that offers the ideal balance between quality and price

Protective edge UV-resistant: **UV 4**  
Jumping comfort: ★★★★★  
Quality: ★★★★★

## BERG Favorit + Safety Net Comfort

Can't get enough of all that jumping? No problem! The BERG Favorit is hard-wearing, needs little maintenance and will give you years of pleasure.

Supported on 4 legs, the BERG Favorit stands firmly on the ground and the Safety Net is secured in place by 8 poles.

Foam padding around the Safety Net poles provides extra protection.

## BERG InGround Favorit + Safety Net Comfort

Extra safe self-closing entrance.

The weatherproof PVC top and bottom layers (0.55 mm thick) of the protective edge are not only safe, but they also last a lot longer.

This GoldSpring Solo spring is longer than the GoldSpring Talent spring. This makes for very smooth jumping!

## BERG AirFlow

Higher jumps mean more fun. We have developed the AirFlow technique to enable you to make higher jumps. This jumping mat allows 50% more air permeation compared with a standard jumping mat. Good airflow ensures less resistance while jumping, which is why you can make **higher** jumps.

50% more air permeation for better jumping comfort

**AIRFLOW**

Higher & more flexible jumping

The AirFlow product innovation is only available on the BERG Champion and BERG Elite lines.

# AIRFLOW

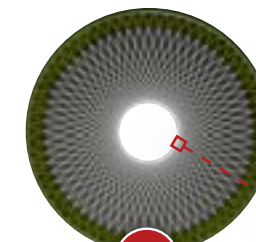

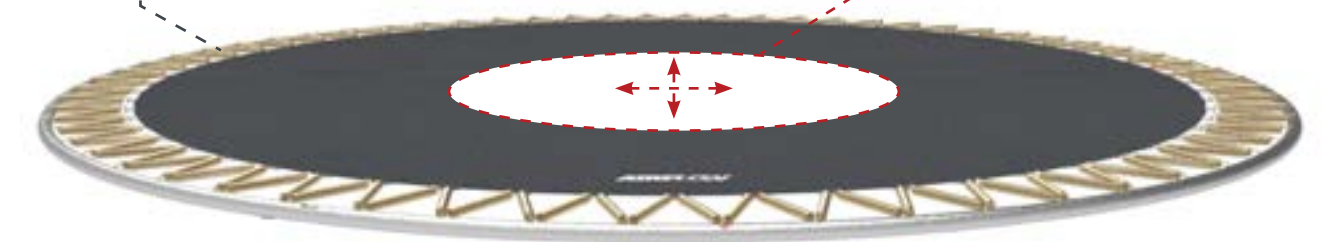

## BERG TwinSpring Gold

The jumping comfort of a trampoline is mainly determined by the type of springs that are used. That is why we have developed the TwinSpring Gold spring. The TwinSpring Gold springs have more coils. This makes them more flexible and safer, resulting in more jumping comfort.

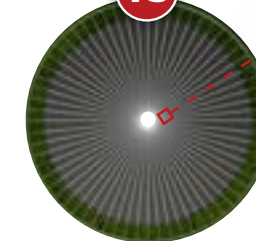

### TwinSpring Gold springs

Perfect Jump Area

VS

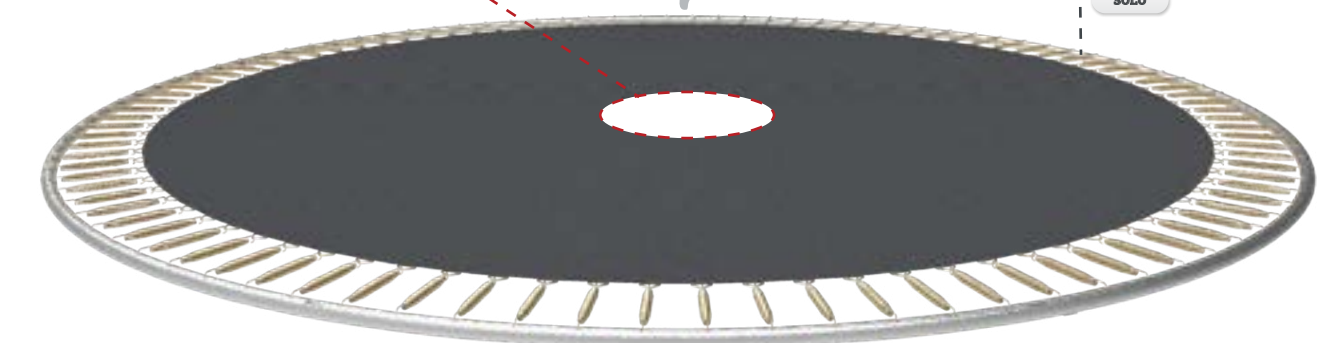

### Perfect Jump Area

We call the area of the jumping mat where you make the best jumps the **perfect jump area**. This surface is much larger on a trampoline equipped with TwinSpring Gold springs than on a trampoline that is equipped with GoldSpring Solo springs and is therefore safer.

Perfect Jump Area

**Goldspring Solo springs**

# BERG Champion

Choose the unbeaten champion

Protective edge  
UV-resistant: **UV 5**

Jumping comfort: ★★★★★  
Quality: ★★★★★☆

## BERG Champion+ Safety Net Deluxe

Do you want to make the best and highest jumps possible? Then choose this unbeaten champion. The TwinSpring Gold springs on the BERG Champion are absolutely the best in terms of jumping comfort.

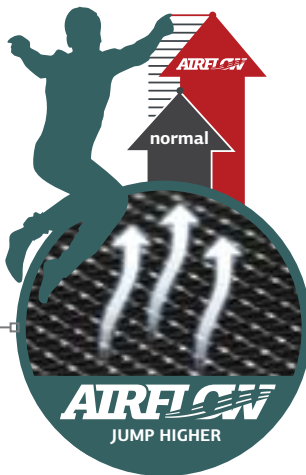

Unique BERG Top Cap with screw cap at top of Safety Net for extra secure connection between poles and net.

The robust, curved poles provide extra safety.

Because the TwinSpring Gold springs are placed at an angle, they can be extra long and supple without reducing the jumping surface.

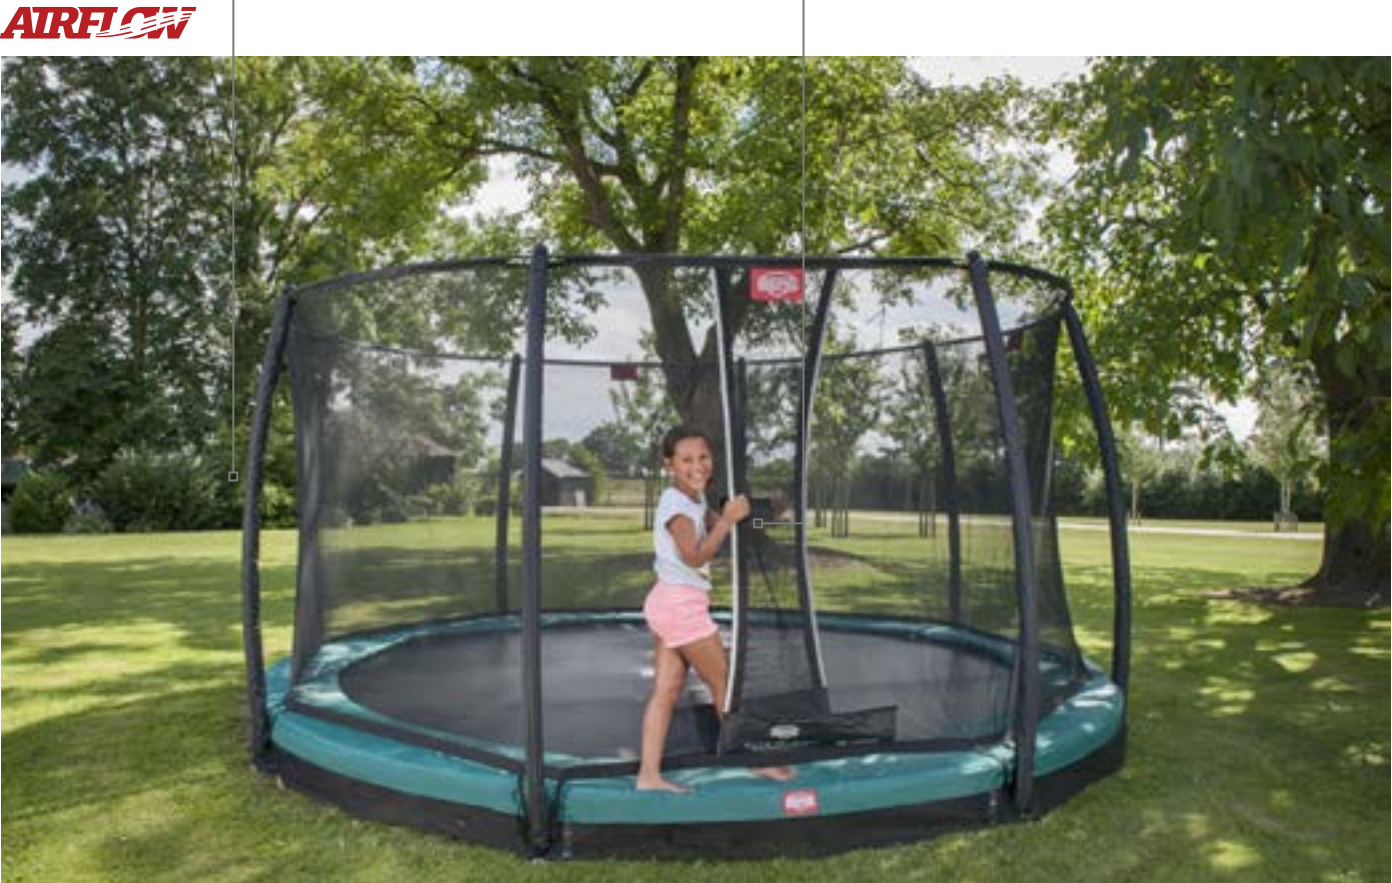

The BERG Champion will last for many years due to the excellent quality and the galvanised and powder-coated frame, making this trampoline even more rustproof.

Extra sturdy edge material.

## BERG InGround Champion + Safety Net Deluxe

The BERG Champion is also available as InGround. This InGround version is available in several sizes and colours and is easily dug into the ground.

The robust, curved poles provide extra safety.

Extra safe self-closing entrance.

# BERG EazyFit ● ●

Due to the rectangular shape, this trampoline will fit in your garden easily

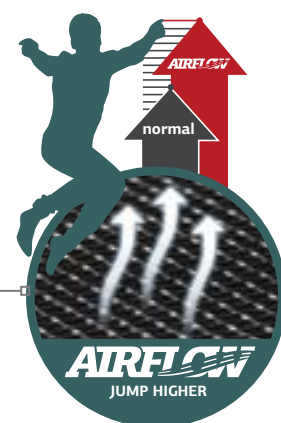

## BERG EazyFit + Safety Net Deluxe

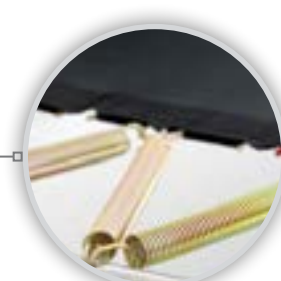

The BERG EazyFit is a rectangular trampoline so that you can jump over the entire length. More jumping space means more jumping pleasure. In addition, this trampoline fits perfectly in almost any garden because of its shape.

The robust, curved poles provide extra safety.

The BERG EazyFit will last a long time. This is due to the double coating on the frame and the weatherproof PVC protective edge.

Because the TwinSpring Gold springs are placed at an angle, they can be extra long and supple without reducing the jumping surface.

Protective edge UV-resistant: **5**

Jumping comfort: ★★★★★  
Quality: ★★★★★

Extra safe self-closing entrance.

The BERG EazyFit has an extra wide protective edge (400 mm), which makes jumping even safer!

## BERG InGround EazyFit + Safety Net Deluxe

# BERG Grand Champion

The largest BERG Trampoline with all the advantages of a round trampoline and a rectangular trampoline

## BERG Grand Champion + Safety Net Deluxe

Choose the champion of both worlds! The BERG Grand Champion is our largest trampoline. The oval shape provides the extra strength of a round frame, allowing you to jump over the full length, as you can on a rectangular trampoline.

The frame has been galvanised and has also been given a black finish. This makes the frame more rustproof.

Protective edge UV-resistant: **5**

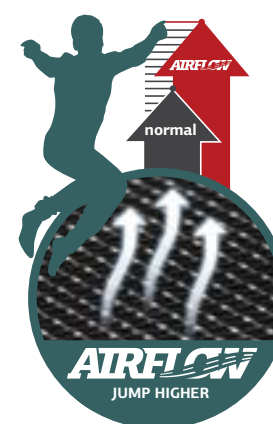

Jumping comfort: ★★★★★  
Quality: ★★★★★

## BERG InGround Grand Champion + Safety Net Deluxe

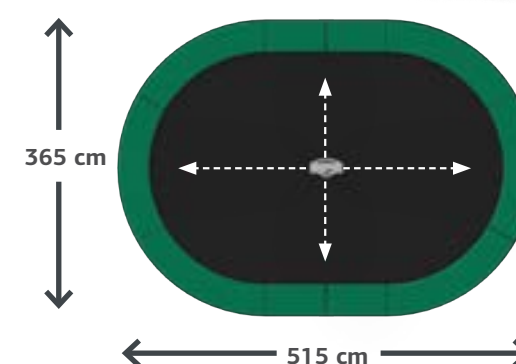

Do you want to make the best and highest jumps possible? You'll certainly be able to do this with the BERG Grand Champion, because this trampoline has 144 TwinSpring Gold springs to ensure even more bounce.

The robust, curved poles provide extra protection.

Equipped with TwinSpring Gold system with springs placed at an angle for extra jumping comfort.

The oval shape provides the strength of a round frame, allowing you to jump over the full length.

# BERG Elite ● ● ●

The very best trampoline

## BERG Elite + Safety Net Deluxe

Do you want the very best trampoline? Then the BERG Elite is the one for you. Ultimate durability and jumping pleasure combined with reliable stability and safety.

The unique BERG Top Cap makes the connection between the frame and the Safety Net Deluxe extra sturdy and safe.

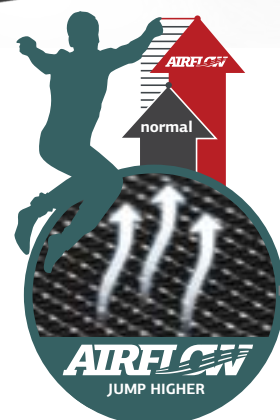

The protective edge is extremely UV resistant and will therefore last for many years.

High-end glossy finish.

5-year guarantee on the protective edge.

The material and finishing make the protective edge extra durable.

Protective edge UV-resistant:

Jumping comfort: ★★★★★  
Quality: ★★★★★

The TwinSpring Gold springs are the longest in their class due to the diagonal positioning and ensure a more even distribution of force on the jumping mat. As a result, the trampoline has extra bounce.

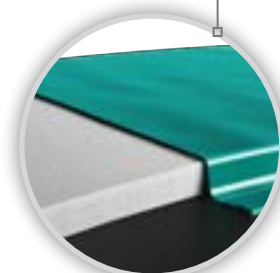

## BERG InGround Elite + Safety Net Deluxe

The unique upper edge of the Safety Net keeps the net nice and taut.

Extra firm protective edge for intensive use and additional safety.

# BERG FlatGround Champion

Can be integrated seamlessly in the garden

## BERG FlatGround Champion

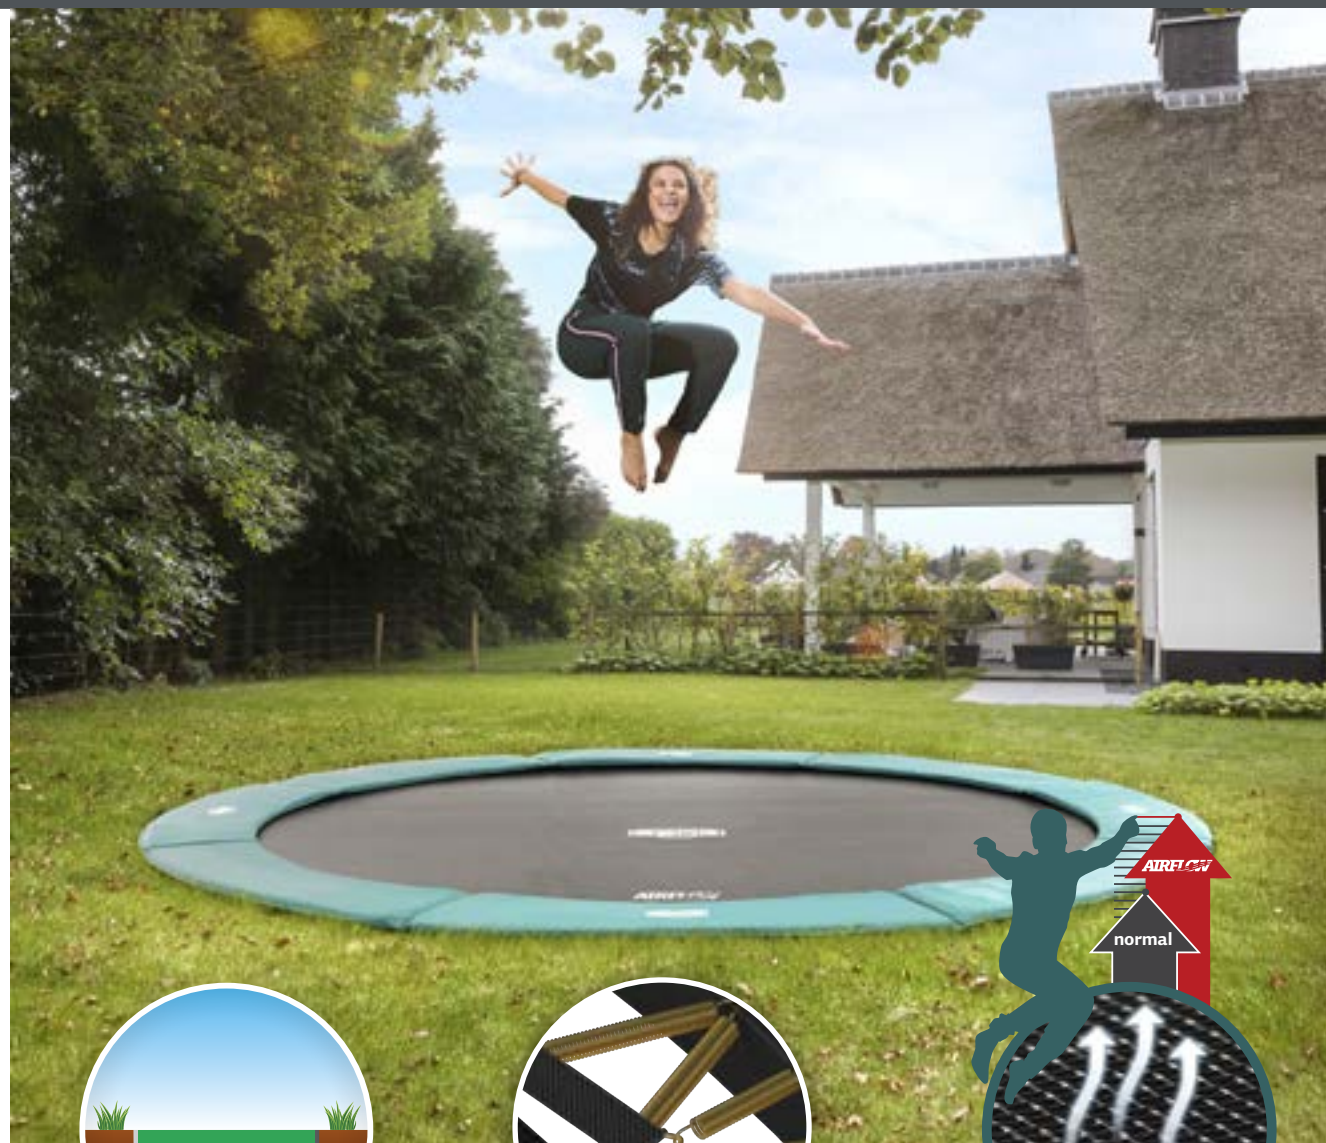

Protective edge  
UV-resistant: **uv-5**

Would you like a trampoline that is in harmony with your garden? Then choose the BERG FlatGround Champion. This trampoline can be dug so deep into the ground that it is completely concealed in your garden and becomes an extension of your lawn.

Jumping comfort:  
★★★★★  
Quality:  
★★★★☆

The BERG FlatGround Champion is level with the grass, making it unobtrusive but easy to access

The BERG FlatGround Champion is practically noiseless due to the special noise-reducing straps in the protective edge. This prevents the protective edge from making a rattling noise against the jumping mat.

The BERG FlatGround Champion is equipped with the unique BERG Airflow jumping mat. It provides 50% more air permeation, so that you can make even better jumps

The extra wide protective edge has a longer service life due to the weatherproof PVC material

The patented frame is easy to assemble and install

The BERG FlatGround Champion is available with a green or a grey protective edge

**NEW**  
now also  
available in  
330 & 380

# BERG Trampoline accessories

Complete your BERG Trampoline with these accessories

## BERG Ladder Platform + BERG Ladder

Available with BERG Ladders S, M and L.

By attaching the unique BERG Ladder Platform to the ladder, you can climb onto or off the trampoline even more easily.

With the BERG Ladder Platform and the Safety Net post, it is easy and safe to climb onto the trampoline.

### BERG Ladder S

For trampolines measuring 50 and 60 cm high. The ladder is adjustable in height.

### BERG Ladder M

For trampolines measuring 70 and 76 cm high. The ladder is adjustable in height.

### BERG Ladder L

For trampolines measuring 85, 90 and 95 cm high. The ladder is adjustable in height.

## BERG Anchor set

Secure your trampoline more firmly with this anchor set for even more safety.

## BERG Frame Net

This special net prevents children, animals and toys from getting under the trampoline. A safe solution!

### Basic

- Weather-proof net
- The galvanised eyelets ensure solid anchoring

## BERG Tattoo

Practise your jumps with the BERG Tattoo and become a jumping champion. This game is recommended for children from the age of 6.

### Extra

- High-quality weather-proof net
- The galvanised eyelets, loops and pegs ensure extra solid anchoring
